

## Our Vision for Ministry

---

God has given us a vision to reach all the people of Culiacán with the good news of Jesus Christ. To reach a whole city requires the involvement of many others. We are praying for other churches to join with us and a sister church in Culiacán to work side-by-side for the Lord. We believe that the witness of Mexican and American Christians united in Christ sends a powerful message of love and hope to this needy city.

### More About Culiacán

Culiacán is the capital city of the northwestern Mexican state of Sinaloa. Culiacán and St. Paul, Minnesota, are officially "sister cities".

Culiacán is located on the western coastal area only 30 miles from the ocean. To the east the Sierra Madre Mtns. are visible in the distance. With a population of nearly one million people, Culiacán is the center of Mexico's agricultural production.

## LONG-TERM STRATEGY for SHORT-TERM MISSIONS

---

---

**CULIACÁN  
MEXICO**

## Beginnings...

---

North Haven Church in North St. Paul, Minnesota, and Emmanuel Baptist Church in Culiacán, began their partnership in ministry in August 2000 after a series of extraordinary events. The first Minnesota team worked on a church building project and a city-wide Jesus Film campaign. Since then 14 more teams have gone to Culiacán, and Emmanuel Baptist has sent three teams to St. Paul. For many of the over 100 short-term missionaries from North Haven, ministry in Mexico has been a life-changing experience.

## Ministries...

---

**Our various ministry projects and activities during the past 5 years have included:**

- Church construction projects
- Children's Bible schools
- Evangelistic meetings
- Festivals
- Clothing give-aways
- Singing and drama
- Children's school sponsorships

## Opportunities...

---

We want to share our enthusiasm and experience with your church. Will you consider partnering with a sister church in the Culiacán area?

Consider God's call to spread His Good News.

Mexican pastors are inviting American churches to join with them in ministry in Culiacán.
